

Hello! My name is Carol Windsor and I am running for a seat on the Concho Elementary Unified School District #6 Governing Board. I am running because I am committed to using my knowledge, skills, and experience as a former teacher, and a volunteer to many community organizations. I will help to improve the services of our governing board.

I believe that my professional career as a High School Ag Science Teacher at Serrano High School, and a Special Education Teacher at Concho Elementary School, and my record of volunteer service, have prepared me well for this position.

As well as serving as a school teacher for 25 years, I have served in various volunteer capacities including

Special Olympics, Concho Animal Advocates, the 4-H Club of San Gabriel County, Victor Valley FFA, Apache and Navajo County 4-H Clubs, and Concho Can.

I take this responsibility of being a board member very seriously, and understand the often times difficult choices that a governing board is to make. I believe that our governing board must be receptive to new ideas, consistently responsive to parents, staff, students, and the community at large, and always encourage an open dialog, seeking "continuous improvement" in all that the school does. It is my top priority to ensure that each student is served in the best capacity possible based on their individual needs.

Providing support to our school employees is the foundation for our student's future success.

By working together we can all share in the knowledge and satisfaction that we will provide for the educational needs of all children, and help build a district where students, parents, teachers, and staff feel they are welcome and that they belong.

I respectfully ask for your vote on November 3rd.
